

For over six years without interruption you have been informed by MEKEEL'S WEEKLY that I am supplying to all collectors unused New Issues of all the British Colonies at the very small profit of only 10% over face value and that on application an explanatory prospectus will be sent you. There was no catch in this, as Thousands of varieties were thus distributed to all subscribers of my New Issue Service and I trust that many more will be sent out at that rate. You will also have noticed in my small announcements a line reading:

# RARE STAMPS OF ALL COUNTRIES MY SPECIALTY!

and it is just this one line I wish to talk to you about today. There are Hundreds of advanced American collectors that are constantly in correspondence with me, yet there must be Thousands unaware of the fact that I do not only deal in New Issues of the British Colonies, but also hold one of the finest all round stocks of Rare stamps of all countries in Europe.

I cannot do impossible things, but I claim that my prices are moderate and reasonable throughout, that all stamps bought from me are guaranteed in every respect, perfect and free from all hidden defects. Owing to the Exchange I am able to quote really low prices for first class rarities, but examine the following list yourself and send me your order today to save disappointment. Many Thousands of other rare stamps ranging each from 5 to 500 Dollars are at your disposal. Selections on approval on receipt of Banker's reference.
