## Part 3, Journals and Periodicals

### Asociacion Filatelica de Filipinas Yearbook.

The 1952 **Asociacion Filatelica de Filipinas Yearbook** indicates that it was the fifth of its kind which suggests that the first edition may have been in 1948. Although **Esperidion (1954)** suggests the first yearbook was 1951 (previous issues may have had different titles, such as **AFF Silver Jubilee Issue**, and annual issues of the **AFF**). The 1952 yearbook contained 60 pages, although the introduction indicates it contained about 100 pages, exceeding those published in the past.
